

## Homework 0 – AWS Educate Classroom Set-up

**Overview:** In this homework you will demonstrate that you successfully set-up your AWS Educate account, and joined and entered your assigned AWS Educate classroom.

**Prerequisites:** You should have used the following two documents to prepare what is needed to complete this assignment.

- AWSEducateClassroomAccess.pdf
- EnteringYourAWSClassroom.pdf

Both of these documents are found in your LEO classroom in Course Content -> Week 1-> Content location.

**Grading:** This assignment is worth 10% of your final grade. The completion of this assignment is critical to your success in this class. Be sure to start this assignment right away as there may be delays associated with receiving your accounts from AWS.

### Homework 0 Submission Requirements and Grading Components

The submission should include 3 components in a word or PDF document including:

1. A screen capture clearly showing your Classroom Account Status that includes your student email account, remaining credits and session time. (See sample screen capture below in figure 1). (45%)
2. A screen capture clearly showing you have entered the AWS console that displays the vocstartsoft username, AWS region and Support items. (See sample screen capture below in figure 2). (45%)
3. A title page including your name, date and class information. For example, Jim Robertson, Oct 20, 2019, SDEV 400 7980. (10%)

**Any submissions that do not represent work originating from the student will be submitted to the Dean's office and evaluated for possible academic integrity violations and sanctions.**

# Your Classroom Account Status

	<b>Active</b> full access ( <a href="#">matthew.parsons@faculty.umuc.edu</a> )
	<b>\$28.43</b> remaining credits (estimated)
	<b>2:59</b> session time
